

O.W. LEE · CRAFTED IN CALIFORNIA

American Made, *American Proud.*

From the sofa you sink into to the table you gather around, the pieces we're proudest to carry are crafted right here in the United States — built to be lived on, leaned on, and handed down for years to come.

Built by American Hands

Cut, joined, and finished by skilled U.S. craftsmen — quality you can feel the moment you sit down.

Keeps America Working

Your dollars stay close to home, supporting U.S. mills, factories, and the families who depend on them.

CRAFTED IN THE U.S.A.
