A new era of comfort

Our newest recliner, the Stressless® Adam, brings you into a new era of comfort. An almost sensational way of recharging: Thanks to its zero gravity function, it allows you to elevate your legs above your heart, creating a feeling of weightlessness. This optimal seating position offers multiple benefits, helping you to calm your mind. In other words, you do not just take a break from your everyday life, you take a break from gravity itself to fully recharge for your next phase of full performance

Simply hit the HOME button to move back to an upright position. All functions are individually operated by a remote control that attaches to the chair armrest by magnet.

Adjustable headrest allows precise positioning, providing the comfort you desire and expect.
